

SIRISHA AKULA

Portfolio Summary — Data Analytics, BI & Cloud Data Engineering

Montgomery, AL | 334-840-7680 | akulasirisha24@gmail.com | [linkedin.com/in/sirisha-akula-037383325](https://www.linkedin.com/in/sirisha-akula-037383325)

SUMMARY

8+ years across cloud data engineering, business intelligence, and applied machine learning. Builds **SQL/Snowflake** pipelines, **Power BI** dashboards, and statistical/ML models that hold up under real scrutiny. Currently completing an **MS in Management Information Systems (GPA 4.0)** at Auburn University at Montgomery.

FEATURED PROJECTS

End-to-End Coffee Shop Analytics Platform | *SQL, Python, ETL, Power BI, AWS*

Centralized data warehouse integrating sales, inventory, finance, and HR data with Power BI dashboards for KPI reporting and forecasting.

→ Full write-up: [portfolio site](#) / [GitHub](#) (link to be added)

Facial Emotion Recognition — Deep Learning (CNN) | *Python, TensorFlow, Keras*

CNN classifying 7 emotions across 35,000+ facial images, 63.33% test accuracy, benchmarked against SVM/Random Forest baselines.

→ Full write-up: [portfolio site](#) / [GitHub](#) (link to be added)

AI Automation Risk Analysis — CRISP-DM Case Study | *SAS Viya, Decision Trees*

End-to-end CRISP-DM project classifying white-collar job automation risk; decision-tree model evaluated via confusion matrix and ROC curve.

→ Full write-up: [portfolio site](#) (link to be added)

Netflix Content Analytics Dashboard | *Power BI, DAX, Power Query*

Interactive dashboard analyzing Netflix's content catalog across genres, ratings, release years, and countries of origin.

→ Full write-up: [portfolio site](#) / [Power BI link](#) (to be added)

Power BI Business Dashboard & Statistical Analysis | *Power BI, DAX, Excel*

Executive-ready dashboards paired with EDA, hypothesis testing, and regression to identify key business performance drivers.

→ Full write-up: [portfolio site](#) / [Power BI link](#) (to be added)

CORE SKILLS

SQL & Cloud: SQL, Snowflake, AWS, PL/SQL, Oracle, SQL Server

BI & Visualization: Power BI, DAX, Power Query, Excel

ETL & Automation: Python, ETL/ELT, Control-M, Git/GitHub, Docker, CI/CD

Statistics & ML: Hypothesis Testing, Regression, ANOVA, Decision Trees, CNN, TensorFlow/Keras
